The Buffels Academy was established as an **independent entity**, with the aim to give the opportunity to our young cricketers to develop their cricket talent to the fullest. With on-going training, exposure and regular games, the Academy aims to achieve the following:

- To promote and develop excellence in young cricketers.
- To maintain the spirit of cricket by strong competition and fair play.
- To prepare talented young players to the standards expected of competitive cricket.
- To build a nationwide network of future leaders in cricket, who can take the game forward with strength and integrity.
- To build a sense of responsibility, honesty and dedication, not only around cricket, but also on a personal level.

The Academy will continue to be offered in all four terms, and will be planned as far as possible not to clash with formal school sports and activities. We want to give the opportunity to **ALL** (Grd 1-7) players to join the Academy.

Groups will be kept as small as possible to get more individual attention to the players concerned.
